

JANUARY 2022

THANK YOU.

A LETTER FROM PASTORS DWIGHT AND SHANDA PINNOCK

To Our Friends & Family,

In a time of discouragement with the growing needs around us, a wise friend said to us, "We are privileged to participate with God in the healing of the world. That doesn't mean we will ever see justice and complete healing on this side of eternity but we can address the pain and suffering in our village, where his grace allows." Often we are overwhelmed when our sights are fixed on the chaos around us, not to mention when we look outside our own village to see other villages on fire. However when we have stepped back and focused on the provision of God, his way of bringing us through every circumstance, and the grace to meet needs as they arrive, we know his goodness all too well and we are encouraged. We want to thank you all for being a part of the work that God is doing in our "village." God has used each one of you to allow Generations Church family to reach into our community with love and provision. We feel humbled that your heart would go out to so many that you have not even met. This year we have been able to keep our food pantry stocked for those in need. We have been able to meet the needs of the elderly in our community who don't have pensions and need medical care or food. Whether it has been providing food for our infirmary, Ebenezer home for men, support for local schools or gifts for young expectant mothers. You all have been an integral part of our ability to stay connected with our community for the cause of Christ. Thank you for sowing eternal seeds into our ministry and the lives around us.

We ask that you continue to pray as we expand the ministry this year. We feel God challenging us and we are thankful for our community that stretches far and wide. Thank you again for participating in the healing, physically and spiritually that is so badly needed in our community. You are not just friends of Generations Church but you are considered our family. We pray God's richest blessings over you and your families.
